1. In response to the remarks of Applicant dated September 27, 2004, Examiner withdraws 35 USC 112, second paragraph rejection of claims 1-10 and 16-20. The pending claims in the application are 1-20, which are in allowable condition.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claims 1-10 are allowed, as the prior art of record does not teach or suggest a method of assessing diffusion of a substance in a region of interest, including steps of determining a diffusion index indicative of diffusion in the at least one voxel, in combination with the remaining limitations of the claims.

Claims 11-15 are allowed. The reason(s) of allowance for these claims has been provided in the previous Office action.

Claims 16-20 are allowed, as the prior art of record does not teach or suggest a computer readable storage medium having stored thereon a computer program representing a set of instructions, which when executed by a computer, causes the computer to determine a diffusion index indicative of diffusion anisotropy and diffusion directions in at least one voxel, in combination with the remaining limitations of the claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
